EXPERIENCE

Research Assistant	University of Utah	Beginning January 2011
	Salt Lake City, UT	

Will work under supervision of Ellen Riloff in the Natural Language Processing labs. Will work closely with graduate students on a variety of problems in the field. Responsibilities will include things like building tools to visualize relationships between words and parts of speech, in addition to working on the processing tools themselves.

TA/Camp Instructor	University of Utah	Summer 2010
	Salt Lake City, UT	

Instructed children at the G/R/E/A/T summer camp. Subjects ranged from Scratch and Alice (educational programming tools) to game programming in Python. Responsibilities also included reaching out to children who might otherwise have had no experience with CS. Ages ranged from grade school to high school.
